4. 2019-20 Goals

Scoreboard update:

No local positive feedback for Varsity scoreboard; gave limited specs for installation.

Nevco has a 4x10, not a 5x8, \$5159 without a sponsor panel included. Ben emailed all local athletic directors and heard back from two people with strong positive reviews.

Discussion about if the Nevco board has a timer that will count minutes and seconds. The board we were looking at doesn't count minutes and seconds, but only minutes---we need something that will count minutes/seconds, innings, strikes/balls/out.

Should we go back to the original board we had picked out that is 7x16, which had all the options we want?

Ben will continue gathering information and forward any information he gets.

If we change the size of the board, we need to get it approved by the planning board again.

5. Red Claws Trip

February 29. Bus leaves at 4:00 from the Town Office.

6. Ski Club

Went well overall. Between 10-12 have attended each week. Tomorrow is the last day, whether school cancels or not. We only had to cancel once (last week) due to rain.
