

ST. GEORGE PARKS & RECREATION DEPARTMENT

MISSION STATEMENT/ CORE VALUES/ VISION STATEMENT

MISSION STATEMENT

The mission of the St. George Parks & Recreation Department is to provide an opportunity for its residents, regardless of age, ability, or gender, to participate in a variety of recreational activities in a safe environment of fairness, good sportsmanship and education. The department promotes a strong sense of community by providing a broad, challenging, diverse, and ever expanding set of cultural and recreational programs.

CORE VALUES

- ☺ To have fun and enjoy each activity.
- ☺ To instill the willingness to continue to participate and learn from each of our offerings.
- ☺ To provide the youth of our community an opportunity to be engaged in local, organized, team play while learning the fundamentals of each sport.
- ☺ To reinforce the concept of teamwork, fair play and good sportsmanship.
- ☺ To allow every child a chance to learn, improve and enjoy the sports that interest them.
- ☺ To offer senior citizens an opportunity to participate in local group functions and events.
- ☺ To stress that health and safety are paramount to the success of our programs.
- ☺ To provide positive reinforcement, as well as a safe, secure, and comfortable environment that allows participants a chance to learn and grow.

VISION STATEMENT

The St. George Parks & Recreation Department offers all members of the community an opportunity to become involved in the town's recreation programs. Offerings begin at the youth level and expand to the elderly. They range from individual activities to team sports and group events. Town fields & parks are available as safe, attractive spaces for personal, and group enjoyment. Individuals are encouraged to participate in any and all activities. It is our goal to encourage personal excellence and the self-esteem that follows. We will work hard at creating an awareness of public service and opportunities to the community as a whole. The department will continue to take a proactive approach to broaden its horizons and constantly expand its offerings. Continued park and field improvements are considered an investment in the future and will always be ongoing. At the core of our programs is the community itself. The continued support of the citizens of St. George, and its visitors, will always be the driving force of the town's Parks and Recreation Department. It is the strength and dedication of its volunteers that will lead this department's future expansion and growth.
