

CHARTER

of the

Town of St. George

Revised 2016
Amended 2021
Amended 2022

Introduction

In 1987 the Town of St. George voted to form a Charter Commission for the purpose of developing a charter for our Town. The charter was promoted as a way to clarify and make improvements to the State laws which governed the operations of local government. This Charter Commission held its first meeting on September 29, 1987. After almost a year and a half of work, a charter tailored to the needs of the Town of St. George was finalized and presented to the voters. At the town meeting in 1989, on a vote of 337 YES and 84 NO, St. George took a step forward in local government by adopting its first charter.

Since its initial creation and approval by the Town in 1989 there have been a number of amendments to the Charter and it has also been revised once as summarized below.

- Initial Charter Approved March 1989
- Amended March 11, 1991
- 1st Revision March 1998
- Amended November 6, 2007
- Amended November 2, 2010
- Amended March 14, 2011

Over the last few years, members of Town government have seen the growing need for revisions to the Town Charter to address changes in Town operations. With the creation of the St. George Municipal School Unit (MSU) in 2014/2015 that need became immediate. As a result, the creation of a Charter Commission to update the Town Charter was proposed and was approved by voters at the May 2015 Town Meeting.

The Commission's initial step in addressing this task was to review the existing Charter of the Town of St. George to better understand its description for the organization and operational requirements of town government. With this understanding, the Commission also reviewed the charters of a few "reference towns" for additional perspectives on approaches that might be taken.

The Commission then solicited input regarding potential changes to the Charter from Select Board members, Town Management, the standing boards, committees and commissions in town and from the public at a public hearing. From this process, 60 proposed revisions to the Charter were identified. All were systematically reviewed, discussed and a decision made as to whether to incorporate them in the Revised Charter.

Many of the proposed changes could be categorized as "housekeeping" changes to reflect changes in town operation or procedures. The creation of the St. George MSU is the most significant of these, but a number of smaller changes were also appropriate.

A second group of changes were designed to make the Charter more of a “framework” for Town government, rather than a detailed set of instructions. Priorities, practices and needs change over time, so the Commission felt those are better addressed by Ordinance or Select Board Policy which should be reviewed annually and updated as required. The Commission viewed the Charter as a longer term framework for government that should not require frequent changes. An example of this would be the elimination of all board and committee charges from the Charter. The requirement for specific boards and committees is there, as are references to where the charges for these groups might be found.

A third group of changes were made for “clarification”. The Ordinance section was rewritten to better describe the process and responsibilities for creating ordinances. Another example would be that the responsibilities of the Select Board were described in more detail, to clarify the relationship between it and the various boards and committees that it appoints.

Finally, the proposed draft also includes a couple of changes which the Commission felt would be “beneficial to the town”.

The existing Charter prohibits Select Board members from town employment, because of the potential for conflict of interest. The Commission felt that where a conflict of interest could be avoided that provision should be waived and proposed two exceptions to this rule: school system employees and part time firefighters. The Commission’s view was that the pool of candidates willing and able to make the time commitment required of Select Board members is not that large and it would be a mistake to unnecessarily restrict it further.

The second item “beneficial to the town” is the issue of term limits for Select Board members. The current Charter limits Select Board members to two three-year terms. Most members of the Commission felt that eliminating term limits would be beneficial, as it had the potential to provide more continuity in the Select Board, improving institutional knowledge and expertise in areas such as assessment. Further, with the impending retirement of the Town’s long serving Town Manager, more continuity and knowledge in the Select Board in the coming years might prove even more beneficial than normal.

In the end, the Commission compromised, proposing that the limit on three-year Select Board terms be increased from two to three. This was viewed as a way to gain benefits from greater continuity, but still address the concerns of residents who feel that term limits are a good idea.

The Commission is satisfied with this draft document. Though not every issue brought before us was included in the final version, we spent a considerable amount of time understanding the current Charter, the operation of Town government and considering whether changes proposed would be beneficial to the

Town of St. George. We believe the adoption of this revised Charter will be beneficial to the Town, as it provides a framework for government which has been updated, takes a longer term view and is more clearly defined. On this basis, we believe it is a document in which we can all have confidence.

As soon as this Charter is accepted, the Select Board Policy Manual and all Ordinances should be reviewed and, if appropriate, updated to be consistent with the revisions in this Charter. If this Charter is approved, it will go into effect immediately. If it is not approved, another Commission must be established and given a year in which to produce another Charter. We sincerely hope that will not be necessary.

Respectfully submitted,
CHARTER COMMISSION, TOWN OF ST. GEORGE

St. George.

- c. A term of office shall commence on the 1st day of July following the appointment by the Select Board and shall terminate on the 30th day of June of the year ending the term.
- d. Terms of office shall be staggered so that members will be replaced as evenly as possible over time. When a new Board or Committee is established, the initial terms of office shall be of different lengths to accomplish this.

If a Board or Committee has in effect a policy for remote participation in public proceedings, any member who participates by remote means in compliance with the policy shall be deemed to be present for purposes of determining a quorum.
- b. All motions shall require for passage a majority of the votes cast at a meeting at which a quorum is present. A tie vote will constitute a failure of the motion.
- c. A member shall abstain from voting on any particular matter where there is a conflict of interest or a possible appearance thereof. Any question of whether a member shall be disqualified from voting on a particular matter shall be decided by a majority of the votes cast by members present and voting. The member who is being challenged shall not participate in the vote.

- d. All meetings shall be open to the public and notice shall be given as provided by law and Town policy.

Appendix 1

Introduction to the Charter Revised Charter of March 1998

Introduction

In 1987 the Town of St. George voted to form a Charter Commission for the purpose of developing a charter for our Town. The charter was promoted as a way to clarify and make improvements to the State laws which governed the operations of local government. This Charter Commission held its first meeting on September 29, 1987. After almost a year and a half of work, a charter tailored to the needs of the Town of St. George was finalized and presented to the voters. At the town meeting in 1989, on a vote of 337 YES and 84 NO, St. George took a step forward in local government by adopting its first charter.

Two years later, after working out some of the "bugs", some amendments were made to the original charter. One amendment addressed the election of one moderator prior to the opening of the polls with another moderator being elected at the beginning of an adjourned meeting being called back to order. This allowed for those voters in attendance to elect a moderator from those people present at the time. The second amendment dealt with voter authority. This allowed any voter the right to speak on any matter before the town meeting, being given at least two minutes to speak. The second amendment also provided for the rules of governing town meetings, as well as the rules dealing with the reconsideration of articles.

Ten years after the adoption of the original charter, the Selectpersons voted to form a committee to review the charter and report on the necessity of amendments or a revision. This committee recommended a revision and a new Charter Commission was formed to begin the work of revising our Charter.

This document is the result of the Charter Commission's work. Various aspects of the Charter were changed, most in keeping with local practice, and some with a look to again improving the operations of how we govern ourselves here in St. George. This Charter was approved at the March 1998 town meeting on a vote of 346 YES and 181 NO.

Re: Town of St. George - Proposed Charter

Dear John:

At the request of the St. George Charter Commission, I have reviewed the final draft of the proposed Charter and, based upon my review and research, I am of the opinion that the final draft, as presented herewith, is not in conflict with the Constitution of Maine or the general laws of the State of Maine.

Sincerely,
